John always marvels at the perverse kind of satisfaction it seems to give most people, if they can find something concrete to blame an illness on. Every cold has a definite, identifiable draft for a sponsor; every headache has a specific parent too, from sinus to shrimps ("I knew they were specifed!"). Indeed, there are no orphan complaints. John loves to tell about the old man of 70, who in the final throes of a coronary thrombosis (formerly erroneously called "acute indigestion") shouted to his wife with whom he had just celebrated his golden wedding. I said to John: "I can't tell howard White, Pastor Lorne F. Fox will speak. I-1:30 p.m. The Gospel Hour. The Fox party will appear. (KXAR).

March of Dimes of the National Foundation for Infantile Paralysis so that the organization "may draw renewed strength to continue its works of mercy for all whom infantile paralysis may menace."

The city's chief executive in his message revealed that the 1949 polio toll was upwards of 40,000 cases, and that the cost to National Foundation for care of patients in 1949 alone will approximate \$31,000,000. The two week March of Dimes appeal opens Monday (Jan. 16).

Text of the proclamation follows:

Whereas, at no time before in the history of the United States has infantile paralysis placed so heavy a burden on community after community, striking down loved ones in family after family, and,

Women's chief vice is self-pity. Women's chief vice is self-pity, the gutter with him.
